Maximum Marks	4 Marks

Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • I need a loan with a low interest rate. • I want a quick and hassle-free application process. • I don't know which lender is the best for me.	THINKS • Will my loan application be approved? • Which lender offers the best interest rate? • Is my personal and financial data secure?
PERSONA NAME <i>(Role / User Type)</i>	
DOES • Compares loan offers from different lenders. • Checks eligibility criteria online. • Submits loan applications through digital platforms.	FEELS • Confused by multiple loan options. • Worried about loan approval and repayment. • Relieved when finding the right loan easily.
